

The Homeschool Co-Op Tailor Made for High School

*Accredited Online Learning Curriculum from
Citizens High School*

DIGITAL HIGH SCHOOL DONE RIGHT - THE CITIZENS HIGH SCHOOL PROMISE

There are a lot of challenges to traditional bricks and mortar high schools – crowded classrooms, inconvenient hours for drop offs and pick-ups, lack of flexibility in course material, outdated technology, the list goes on and on. It all stems from a one-size-fits-all approach that doesn't recognize each student's unique interests and capabilities.

At the same time, the decision to home school for high school can be intimidating. Students need and deserve quality coursework and instruction that helps them meet their educational goals, whether that be earning a full-fledged high school diploma, pursuing a job or vocational training, or continuing on to university studies. That's why we created Citizens High School, so students could take control of their educations, maximize their potential, and pursue their dreams on their own terms.

THE FEATURES

- Fully accredited High School Diploma program – not a GED.
- Wide variety of courses in essential diploma-earning subjects like Math, Science, Language Arts, History/Civics, and more.
- Customized learning paths – select courses that interest you and study on your own timeline.
- Study full-time, part-time, or transfer credits to your local high school.
- Personalized academic advising to keep you on track.
- Certified faculty and instructors to answer questions and enhance your learning experience.
- Regionally and Nationally Accredited with leading education authorities and certifying boards.

SPECIALIZED SUPPORT FOR HOMESCHOOLERS

The greatest advantage to home schooling with Citizens High School is a well-structured system to help guide and enhance learning every step of the way. Parents remain in charge of instruction, Citizens helps manage everything else.

CUSTOMIZED CURRICULUM

Our home school students choose courses and study topics that truly interest them, which makes learning more enjoyable and more effective. Specialized courses like Biblical Studies, African-American Studies, Leadership, and more can all be part of your diploma track.

CURRICULUM MAPPING

Take the guesswork out of which classes to take and in what order – our easy-to-follow recommendations ensure that students master essential learning before advancing to more challenging coursework, just as they would in a traditional classroom environment.

VERIFIED TRANSCRIPTS

Because Citizens High School is 100% nationally and regionally accredited, our core curriculum* meets diploma and graduation requirements across the country. It also means we provide transcripts to local high schools, colleges, universities, and other requesting organizations so students may continue pursuing their educational or career goals however it works best for them.

TEXTBOOKS AND TEACHERS

Online doesn't mean computer-based only. Citizens High School offers options for students to study with our CHS faculty, independently, or even with textbooks.

If you're considering starting or joining an Educational Home School Co-Op - Citizens High School can make sure you get the most out of the experience.

Home-School Co-Op Administrative Packages start at just \$9 per month, with multiple levels available to suit your individual needs.
