

CHS brings **forty years** of hands-on distance education experience to help you succeed.

If a potential student needs a high school diploma, we can help.

M

any times, the only thing standing between a potential student and a rewarding career college education is the lack of a high school diploma.

The decision to look into a career college to learn a trade is often a turning point in someone's life. Too often, these potential students lack a high school diploma.

Show them the way. Instead of telling them to come back after they get a diploma or GED, steer them to Citizens High School's online diploma program.

73%

of students that choose CHS say they are more likely to return to the career college that referred them

Let's team up for Dual Enrollment

Rather than turning away potential students simply because they don't have a high school diploma, why not enroll them right there and then? How? Dual Enrollment. Qualified students can fast-track their futures by signing up for your career college while also enrolling at Citizens High School.

That means that potential students won't walk out your door and possibly never come back. Look at it as a value-add for you, and a huge advantage for the student. Call us at 800-736-4723 to learn more. [\[explore Dual enrollment here\]](#)
