

# Dual Diploma Program

2022

**Citizens High School**

1590 Island Lane Suite 44  
Fleming Island, FL 32003

# About Us

The CHS Dual Diploma program allows students to earn an accredited, U.S. high school diploma while at the same time earning a diploma at their local school. This program is available to both individual students as well as to entire schools.

Affiliation Manager

# How

# *It Works*

## Admission Requirements

- Working knowledge of the English language (prefer B1 level)
- Completed the equivalent of an 8th grade American education
- Access to the internet

## Diploma Requirements

**To graduate from CHS a student must earn or transfer in 24 credits in the following areas:**

- 1 English - 4 Credits
- 2 Mathematics - 4 Credits
- 3 Science - 3 Credits
- 4 Social Studies - 3 Credits
- 5 Electives - 10 Credits

# Planning Process

## Step - 01

### Needs Assessment

If you are interested in setting up a dual diploma program our team will meet with you and create a custom program through our needs assessment

## Step - 02

### Tailored Proposal

After meeting with your school, our team will develop a tailored proposal for your school and students that will outline the program and financial terms.

## Step - 03

### Country Study Development

Our team will send you our country study form, where you and your faculty will list out the courses that you teach, a brief description of the course and its outcomes. This will allow us to match it with the courses taught at CHS

**Don't let borders stop you  
from achieving your  
dreams.**

## Step - 04

### **A Pathway is Developed**

Based on the country study a pathway is determined whereby students will take 18 courses at their local school and 6 courses at CHS. These courses could be specific to a subject area or elective courses depending on the country study.

## Step - 05

### **Enrollment of Students**

You will be given an enrollment sheet to place your students information on and they will be able to access their courses in 48 hours, or you can have your students enroll themselves through our VAAS online system.

# THE PROCESS

Local School

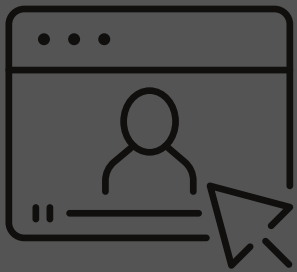

U.S. College Admissions

# WHAT'S INCLUDED?
