

DISTANCE EDUCATION ACCREDITING COMMISSION

STUDENT ACHIEVEMENT DISCLOSURE FOR THE PUBLIC

DEAC accredited institutions offer a broad array of instructional programs and student support services to meet varied educational and professional goals of a highly diverse student population. Institutions determine appropriate performance criteria to measure the success of their students in achieving their goals in the context of the institution's specific mission and scope. You will find below (1) a summary of how this institution measures student achievement in the context of the institution's mission and educational programs, and (2) student achievement metrics which the institution believes best reflect student and program performance. For more information about DEAC standards and requirements, please visit www.deac.org.

Summary of Institution Mission and Student Achievement

The mission of Citizens' High School is to provide students a quality high school diploma through distance education with a well-rounded academic foundation, leading to social and economic mobility. The overarching outcome of Citizens' High School student is a high school diploma that is recognized by employers and post-secondary schools. CHS views a high school diploma as a steppingstone to economic and social mobility. The curriculum is designed to give students a solid foundation in language arts, science, social studies, and mathematics.

In support of the CHS Mission statement and learning goals, CHS has program learning outcomes and also integrates the Florida Department of Education and Common Core Learning Outcomes, where appropriate, as a measure of student mastery and achievement.
