HOMESCHOOLING THROUGH MILITARY LIFE

Keep one clear high-school plan through every duty station.

FLEXIBLE SUPPORT

100% ONLINE

ACCREDITED

CHOOSE THE LEVEL OF SUPPORT YOUR FAMILY NEEDS

01

ADD CHS COURSES TO YOUR HOMESCHOOL PLAN

Keep your independent homeschool plan and add an individual CHS course when your student needs a specific subject, more structure, or documented CHS coursework.

A GOOD FIT WHEN YOU WANT TO

- Fill a specific subject or elective gap
- Add teacher-supported online structure
- Receive an official CHS transcript for completed CHS courses

Individual-course path: CHS supplements your plan; your family continues managing the overall homeschool program.

02

LET CHS MANAGE THE COMPLETE DIPLOMA PATH

With a complete CHS diploma program, CHS serves as the student's high school and school of record, maintaining the official CHS transcript and graduation plan.

BUILT TO PROVIDE CONTINUITY

- Continue with the same accredited school after a PCS move
- Keep one official CHS transcript and one graduation plan
- Choose an 18-credit Career or 24-credit College diploma pathway

Complete-diploma path: CHS reviews prior records and validated homeschool work before building the graduation plan.

A COMMON MILITARY HOMESCHOOL SCENARIO

Another PCS move is coming.

The family has homeschooled through several moves. Their teen is entering junior year, and the parent is tired of rebuilding records and managing the graduation plan alone.

HOW A COMPLETE CHS DIPLOMA MAY HELP

CHS reviews prior high-school work, identifies remaining requirements, provides the courses in one online program, and maintains the official CHS transcript. The student can continue with the same graduation plan after the next move.

ONE SCHOOL | ONE OFFICIAL TRANSCRIPT | ONE GRADUATION PLAN

LET CHS REVIEW THE RECORDS

Send the records you have. Admissions will explain what may transfer, what remains, and which CHS option may fit.
